

# GROWF HERBAL BAR + SHOP CLOSING

For the last few months, I've been struggling to get my words right to let everyone know what's been happening with GROWF. It's been such a fulfilled journey from the very beginning. Some of you were introduced to GROWF in the early stages, when it was just me and my Facebook post, spamming 4/20 groups and shops in early September of 2020. Others of you found us the day we went viral on TikTok and Twitter in January of 2021. It's crazy to think back at how I signed the lease two months before going viral, not knowing how or if it would even come together and yet God and The Universe had it all planned out and ready.

The amount of support from you all has truly been amazing and heart warming, even a million "thank you's" still wouldn't feel like enough. Whether you are thousands of miles away in London or our next door neighbors in Suffolk and Hopewell, I want you to know I appreciate you from the bottom of my heart.

GROWF Herbal Bar + Shop, in Downtown Suffolk will be officially closed after December 1st. There's been so many dope memories, connections, and relationships are rooted here. From the Controversial Conversation Smoke Sessions, PUFF N MICs, Parkin' Lot Pimpin', and even the dope events you all have thrown, like graduation parties to baby showers to showcases and more, the foundation for our own growth as a company is so fertile and abundant and wouldn't have been possible without you. Thank you. Thank you for spreading the word, thank you for coming out and smoking one, thank you from bringing friends and family, thank you for stocking up on teas and herbs, thank you for the honest feedback, words of advice and encouragement, and most of all thanks for the smiles and the love. It was so wonderful to see and interact with many of you face-to-face and in-person. I have truly learned a lot from this experience and cannot wait to reflect, process, and grow from it. Everything has been happening so fast from the very beginning and it's hard to look back while you still driving.

Now, you're probably wondering why, right? Well, it's a mixtures of different reasons ranging from social media bans and complications, finances, broken partnerships, locality and more , but mainly myself. As the owner, I've invested so much time, money, and energy into GROWF and it has caused me to experience just that - GROWTH. Not only in my career with learning and managing a lot of first - first time having employees, first time having a store front, first time being in Suffolk, first time dealing with new cannabis laws and regulations, and much more, but also going through A LOT in my personal life too.

I'm going to be putting my focus towards my physical, mental, financial, and spiritual health. I need a break. Most of you all know me because of this company however, I've been in the business game for quite some time now. It's important for me to do this as I feel if I am not okay or in the right start of mind, then the business won't be either. I truly hope you all understand.

Online sales will still resume and a rebrand with new product lines are definitely in the plans for the future. I just ask if you could please be patient with me moving forward.

To my customers, friends, and family, you already know that vibes. This is the end of one chapter, and the beginning of another. I hope that I've been able to be an inspiration and light for you to seek and move forward with your dreams no matter what. Only time will tell what's next, so stick around to see where the journey is to go because the opportunities are truly endless.

Now That's GROWF.

Keep Pushin' G,  
Janay "Jay" Brown  
CEO, GROWF
